

CREATIVE COMMONS LICENSE TO PUBLISH AGREEMENT FOR OPEN ACCESS

This Open Access Licensing Agreement, the “Agreement” is by and between AIP Publishing (“Publisher”), and the author(s) (“Author”) listed in Section A below, and in effect beginning on “Date” 10-12-2025

For the article, heretofore known as “Work” listed below:

Manuscript ID #AIPCP25-CF-TMREES2025-00087

Author(s):

1. Jonathan FLORES

Article Title: From Biotechnology to Sustainable Innovation: A Bibliometric Analysis of Microbial Electricity Generation and Its Entrepreneurial Potential

Journal: AIP Conference Proceedings

Author represents and warrants to AIP Publishing the following:

1. The Work is Author’s original independent creation and does not infringe any copyright or violate any other right of a third party.
2. The Work has not been previously published and is not being considered for publication elsewhere in any form, except as a preprint on a noncommercial server such as arXiv, or in a thesis or dissertation.
3. Written permission has been obtained for any material used from other sources, and copies of the permission grants have been supplied to AIP Publishing to be included in the manuscript file.
4. All third-party material has been properly credited within the manuscript.
5. Author grants to AIP Publishing the right to generate, register and distribute metadata associated with the Work, including with external databases and third-party services.

If each author’s signature does not appear below, the signing author(s) represent that they sign this Agreement as authorized agents for and on behalf of all the authors and has obtained written verification as evidence of such authority.

By choosing AIP Publishing’s Open Access option, Author will retain copyright and the Creative Commons License selected below will be applied to your work. To learn more about the various license types and to aid in your decision, please visit

<https://creativecommons.org/about/cclicenses/>. The Creative Commons license applies only

to open access publication and cannot be chosen in conjunction with AIP Publishing's standard publishing model. Initial publication and distribution by AIP Publishing requires payment of an open access fee by Author to AIP Publishing. If the open-access fee is not received prior to publication, AIP Publishing will delay publication until payment is made.

In the event that a Work is published under AIP Publishing's Fusion License or other institutional agreement, AIP Publishing reserves the right to modify the license applied to the Work to a CC BY license in order to comply with funder or institutional open access requirement. Modification to a CC BY license under these circumstances will be made without further notice to or permission from Author.

The following license will be applied to your work:

CC BY: This license allows users to distribute, remix, adapt, and build upon the material in any medium or format, so long as attribution is given to the creator. The license allows for commercial use.

By agreeing to the terms of the Open Access license, Author acknowledges that AIP Publishing will be credited as the publisher of record (original publisher) of the work. Additionally, in the event of a CC BY NC/ND license, Author grants to Publisher for the full term of copyright in the Work, the rights to publish, sell, distribute, adapt, modify, translate, include portions or the whole in marketing and promotional materials, and to license and permit others to do so at Publisher's sole discretion.

The Author acknowledges and agrees that the Work will be published by the Publisher and made available to users under the terms of Creative Commons License selected above.
